## PROFESSIONAL SUMMARY

B.Tech Computer Science student at SRM Institute of Science and Technology (CGPA 9.7) with hands-on experience building responsive web applications using HTML, CSS and JavaScript. Currently advancing in full stack web development, with a strong foundation in Data Structures and Algorithms in Java and active problem solving on LeetCode, object-oriented programming, operating systems, DBMS and computer networks. Keen interest in Artificial Intelligence, seeking an entry-level Software Developer role.

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages:** | Java, Python, TypeScript, JavaScript, SQL, C, C++ |
| **Web Development:** | HTML5, CSS3, JavaScript, Bootstrap |
| **Tools & Platforms:** | Git, GitHub, Terminal (Command Line) |
| **Core Concepts:** | Data Structures & Algorithms (Java), OOP, Operating Systems, DBMS, Computer Networks |
| **Problem Solving:** | Data Structures & Algorithms practice on LeetCode |
| **Currently Learning:** | Full Stack Web Development |
| **Other:** | Artificial Intelligence Fundamentals, Cloud (OCI) Fundamentals |

## EXPERIENCE

**Front End Developer Intern | CodeSoft** — Oct 2026 – Nov 2026 | Remote

- Worked on front-end web development tasks using HTML, CSS and JavaScript during a virtual internship.
- Built responsive, user-friendly web pages and applied core front-end concepts to real project tasks.

## PROJECTS

**Personal Portfolio Website** HTML5, CSS3, JavaScript

- Designed and developed a responsive portfolio website presenting my profile, skills, projects and contact details.
- Used clean layouts and styling to keep the site consistent and easy to navigate across screen sizes.

**Expense Tracker** HTML5, CSS3, JavaScript

- Built a web app to record income and expenses and keep track of the running balance.
- Used JavaScript DOM manipulation to add and remove transactions and update totals dynamically.

**To-Do List Application** HTML5, CSS3, JavaScript

- Developed a task management app to add, complete and delete daily tasks.
- Implemented dynamic updates to the task list without reloading the page.

**Music Player** HTML5, CSS3, JavaScript

- Created a browser-based music player with play, pause and track navigation controls.
- Designed an intuitive, responsive interface and handled audio playback using JavaScript.

## EDUCATION

**Bachelor of Technology (B.Tech) in Computer Science & Engineering** — 2024 – 2028 | CGPA: 9.7 / 10

**SRM Institute of Science and Technology**

**Relevant Coursework:** Data Structures and Algorithms, Object-Oriented Programming, Operating Systems, DBMS, Computer Networks, C/C++

**Senior Secondary (Class XII)** — 2023 | Percentage: 85.8%

**Little Flower Public Sr. Sec. School, Delhi**

**Secondary (Class X)** — 2021 | Percentage: 94%

**Little Flower Public Sr. Sec. School, Delhi**

## CERTIFICATIONS

- **Oracle Cloud Infrastructure Certified Foundations Associate** – Oracle University (Oct 2026)
- **Getting Started with Artificial Intelligence** – IBM SkillsBuild (Jul 2026)
- **Wireless 5G Overview** – Infosys Springboard (Oct 2026)
- **Alpha (DSA with Java)** – Apna College

## ACHIEVEMENTS & PARTICIPATION

- **Active on LeetCode**, solving Data Structures and Algorithms problems (leetcode.com/u/Ayush_Gupta001).
- **Participant, brAInwave 2024** hackathon at Delhi Technological University (DTU), 25–26 October 2024.
